Judges will assess three criteria and score each on a scale of 1-10: one (1) being the lowest and ten (10) being the highest. Each submission will be assigned a point value with a total possible score of 30 points.

### **Awards**

A First Place award and an Award of Excellence (2nd place) are to be given in each category, given the projects are worthy. In the event of any type of dispute, the President of the Wisconsin Chapter and the Chairperson of the Design Competition reserve the option to disqualify an entry or resubmit all entries to a new jury.

The juror(s) shall reserve the right to withhold an award if, in their opinion, entries do not merit an award or do not meet the criteria. The juror(s) may not alter the submissions in these entries.

First Place may be awarded if a project has an average score of 25 or higher. An Award of Excellence may be awarded if a project has an average score of higher than 20 but less than 25. An Award of Excellence is considered second place and may be awarded to a project that has above a 25 if there is already a First Place project.
