

About IIDA Wisconsin Chapter

The IIDA Wisconsin Chapter was founded in 1994 after the merger of IBD and ISID.

IIDA Wisconsin Chapter has 3 supporting city centers (Madison Area, Milwaukee Area, and Fox Valley Area). Each city center has it's own events quarterly to provide networking and learning opportunities

for our membership.

We also have 5 premier annual events for further partnership with the WI design community. These in conjunction with our leading accredited educational events are what make IIDA Wisconsin the chapter we are today.

Our success as an organization depends on support.
