WISCONSIN CHAPTER

Creative Department

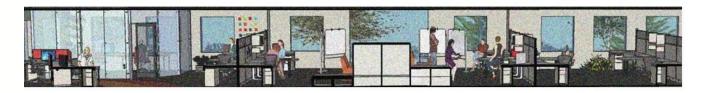

NTS

- · Collaboration and creative exchange
- Open workstation concept with double workstations at right angles to windows for maximum natural light into interior spaces
- · Glass fronted Creative Director's office opens to department
- TV for viewing commercials and for relaxation
- · Carpet design suggests a 'bulls eye' in the creative center

#### Design Goals Met

- Vibrant interior design using a classic color scheme and furnishings to demonstrate R&M's creativity, underpinned with business understanding
- Functional, ergonomically designed work areas with access to natural light
- Creativity and teamwork fostered through space planning and furniture and design choices
- A combination of a comfortable work space in which employees can produce their best work, but relax and socialize as well
